

Name _____ Period _____ Date _____

Class and grade level observed _____ Lesson topic observed _____

**Areas of Human Development:
Observation Project Sheet**

Directions:

Observe students. In the chart below, record what you see the students and teacher doing during this lesson. Before submitting this assignment, research the TEKS for the grade to identify objectives for the observed lesson/activities and determine the developmental area addressed.

Student tasks/activity	Teacher tasks/activity	TEKS for the observed lessons	Developmental area addressed for the observed activity

Place an asterisk (*) by the activities that you consider to be developmentally appropriate for the age of the students.
