Down syndrome Research Project

- Information should be obtained from at least three reliable resources and should be accurate. Cite your resources on the back page of brochure.
- Brochure must be printed and turn in for a grade.
- Brochure will be presented in class.

You will create a brochure that incorporates the following:

- Definition of Down syndrome
 - Causes of Down syndrome
 - How common is Down syndrome?
 - What health problems might a person with Down syndrome have?
 - What are the signs and symptoms of Down syndrome?
 - What treatments/therapies are available for babies with Down syndrome?
 - Who is at risk for Down syndrome?
 - Diagnosis of a Down syndrome child before birth
 - General facts/information on Down syndrome
 - Early interventions for children with Down syndrome
 - Resources for families of Down syndrome children
 - Include two to three visuals
-
