

# Federal Agency Investigation Research

---

Design and create a visually appealing presentation with facts and information for the selected agency.

Include the following criteria:

1. Description
2. Functions
3. Relationship to travel and tourism industry

Use any technology program to design the project such as:

- infographics
- slide presentations
- virtual poster boards

Free multimedia programs are available at:

- Resources for Media Technology  
<http://cte.sfasu.edu/rgroup/media-and-technology/>

If technology is not available, 3-D Organizers may be used to display the same information.
