Food Service Career Informational Brochure Project

You have had the opportunity to identify several food service industry careers. Select a food service industry career and complete more in depth research in order to create a tri-fold informational brochure. This is an individual, not a group assignment. Your brochure will need to include information on:

- Nature of the work
- Training, other qualifications, and advancement
- Employment
- Needed abilities and skills
- Job Outlook
- Projections
- Earnings
- Wages
- Related Occupations
- Sources of Additional Information

The information will be written in complete sentences, and edited for spelling and grammar mistakes. Your brochure should be: organized, colorful, creative, and most of all informative. Below are a few internet resources to help with your search. If you use other resources, they must be listed on your brochure.

Internet Resources:

www.onetonline.org

<http://www.bls.gov/oco/>

http://www.bls.gov/soc/soc_2010_definitions.pdf

Printing Instructions: Before you print, show the teacher your completed brochure on the computer, then print in “grayscale.” If you print at home, you may print in color.
