Popular Tourist Countries Presentation

Knowledge of the popular tourist countries is essential in the travel and tourism industry.

Create a multi-media presentation for the country chosen and include the following information:

- Description
- Language spoken
- Major cities
- Points of interest
- Video

If technology is not available, use instructional graphic organizers displaying the same information.

Technology programs available:

- **Blendspace™**
  Allows you to organize, assess and track resources on a canvas
  https://www.blendspace.com/
- **emaze™ amazing presentations**
  The next generation of online presentation software using free templates
  http://www.emaze.com/
