

School-Aged Children Project

Task Description: Create an online presentation, preferring utilizing sites.google.com that explains how the following elements can be useful in teaching children aged six to ten years:

- influences of family and society
- strategies for optimizing the development of children, including those with special needs
- techniques that promote the health and safety
- guidance techniques

Be sure to answer the following questions through the use of your presentation:

- How can this information be useful in teaching children aged six to ten years?
- What are the biggest similarities and/or differences between teaching preschool children and older children?
- As an educator, why is it important to know and understand the way young children grow and develop?

The presentation should be informative and engaging. Online beginner's tutorials may be found at <https://support.google.com/sites/bin/answer.py?hl=en&answer=153098&topic=23216&rd=1>. Inform students that assignment may be prepared individually or with a partner.
